

Product: Potassium chloride red, KCl

GOST 4568 – 95

Technical requirements

No.	Description of parameters	Rate of brand		In fact
		small		
		Grade 1	Grade 2	
1.	Appearance	Gray-white small crystalloid or small grains with color of others russet shade		Conforms
2.	Mass fraction of potassium in terms of K ₂ O, %, no less	60	58	60
3.	Mass concentration of water, %, no more	1,0	1,0	0,5
4.	Granulometric composition (mass concentration of fraction),%: More than 6 mm from 1 till 4 mm, no less less 1 mm no more	Not rated Not rated Not rated		Not rated Not rated Not rated
5.	Dynamic strength (mass concentration of undisturbed granules), %, no less	Not rated		Not rated
6.	Friability, %	100	100	100
